THE GERBERA QUALITY BOX

Q BOX

A new kind of packaging boxes gerbera flowers ...

We guarantee the best quality! Since gerbera in Q Box on the water during transport, it makes it possible to transport over long distances without quality loss.

The latest innovation of this design Q Box, is that the number of the inner packaging (ready for sale) is reduced to 18 flowers, it allows customers to purchase the amount they need.

Nevertheless, the total number of the core box has been increased from 125 to 180 flowers in a box, it increases the total number of flowers by more than 40%!

Thus - the transportation of the Q Box is cheaper, since the size of the Q Box has remained the same.

Huge capacity;

Q Box can be used for the transportation of standard and mini gerbera gerbera.

Q Box 180 accommodates the stems (10 inner boxes (ready for sale) for 18 stems).

Q Box Mini contains 240 stems (10 inner boxes (ready for sale) on the stem 24).

You can order mix color gerbera, and separately for each species.

Options when loading

Q Box can be stacked on a pallet at each other as follows.

(In Holland during loading using two main pallet size)
